Könyvek

10. **Banfalvi G. (ed):** Cell cycle synchronization. Methods in Molecular Biology 761. Springer Protocols. Humana Press. New York, Dordrecht, Heidelberg, London, 2011. pp. 295. ISBN 978-1-611779-181-9, e-ISBN 978-1-61779-182-6, DOI 10.1007/978-1-61779-182-6
9. **Banfalvi G. (ed):** Cellular effects of heavy metals. Springer, Dordrecht, Heidelberg, London, New York, 2011. pp. 348. ISBN 978-94-0427-5, e-ISBN 978-94-007-0428-2, DOI 10.1007/978-94-007-0428-2
8. **Banfalvi G.:** Apoptotic chromatin changes. Springer Verlag, Dordrecht, Holland (May 2009). ISBN 978-1-4020-9560-3
7. **Banfalvi G.:** Összehasonlító élettan I. 3. kiadás (Comparative Physiology I.) 3rd edn Kossuth Kiadó, Debrecen, 2009 (201 pp, 149 fig.)
6. **Banfalvi, G.:** Molekuláris sejtbiológia 3. kiadás (Molecular cell biology 3rd edn.). Kossuth Kiadó, Debrecen, 2009 (440 pp, 225 fig)
5. **Banfalvi G.:** Összehasonlító élettan I. 2. kiadás (Comparative physiology I, 2nd edn). Kossuth Kiadó, Debrecen, 2006 (201 pp, 149 fig.)
4. **Banfalvi G.:** Összehasonlító élettan I. (Comparative Physiology I.) Kossuth Kiadó, Debrecen, 2005 (201 pp, 149 fig.)
3. **Banfalvi, G.:** Molekuláris sejtbiológia 2. kiadás (Molecular cell biology 2nd edn.). Kossuth Kiadó, Debrecen, 2005 (440 pp, 225 fig)
2. **Banfalvi, G.:** Molekuláris sejtbiológia (Molecular cell biology). Kossuth Kiadó, Debrecen, 2004 (440 pp, 225 fig)
1. **Banfalvi G.:** Molekuláris biológia (Molecular biology) JATEPress, Szeged, 1996 (402 pp, 220 fig).

Könyv fejezetek

16. Nagy G, Kiraly G, **Banfalvi G.:** Optimization of cell cycle measurement by time-lapse microscopy. Cell Biology Protocols. Elsevier Ltd. Oxford, UK (invited paper).
15. **Banfalvi G.** Overview of cell synchronization. Methods Mol Biol. 2011;761:1-23 (2011).
14. **Banfalvi G.** Synchronization of mammalian cells and nuclei by centrifugal elutriation. Methods Mol Biol. 761:25-45 (2011)
13. **Banfalvi G.** Synchronization of *Bacillus subtilis* cells by spore germination and outgrowth. Methods Mol Biol. 761:163-71 (2011).
12. **Banfalvi G.** Heavy metals, trace elements and their cellular effects. In: Cellular effects of heavy metals. G. Banfalvi (ed.) Springer, Dordrecht, Heidelberg, London, New York, 2011, pp. 3-28.
11. **Banfalvi G.** Cellular changes in mammalian cells induced by cadmium. In: Cellular effects of heavy metals. G. Banfalvi (ed.) Springer, Dordrecht, Heidelberg, London, New York, 2011, pp. 147-162.
10. Nagy G, Laza D, Ujvarosi K, **Banfalvi G.** Chromatin toxicity of Ni(II) ions in K562 erythroleukemia cells. In: Cellular effects of heavy metals. G. Banfalvi (ed.) Springer, Dordrecht, Heidelberg, London, New York, 2011, pp. 163-178.
9. Papp G, Nagy G, Pocsi I, Pesti M, **Banfalvi G.** Genotoxic chromatin changes in *Schizosaccharomyces Pombe* induced by hexavalent chromium (CrVI) ions. In: Cellular effects of heavy metals G. Banfalvi (ed.) Springer, Dordrecht, Heidelberg, London, New York, 2011, pp. 179-194.

8. Nagy G, Turani M, Kovacs KE, **Banfalvi G.** Chromatin changes upon silver nitrate treatment in human keratocyte HaCaT and K562 erythroleukemia cells. In: Cellular effects of heavy metals G. Banfalvi (ed.) Springer, Dordrecht, Heidelberg, London, New York, 2011, pp. 195-217.
7. Szaloki G, Czegeny I, Nagy G, **Banfalvi G.** Removal of heavy metal sulfides and toxic contaminants from water. In: Cellular effects of heavy metals G. Banfalvi (ed.) Springer, Dordrecht, Heidelberg, London, New York, 2011, pp. 333-346.
6. **Banfalvi G.:** Metastatic tumor model to study transdiaphragmatic movement of cancer cells drained into parathymic and mammary lymph nodes. 3rd Annual World Congress – Breast Cancer Conference, BIT Life Sciences, Inc., Shanghai, China, 2010, p. 152
5. **Banfalvi G.:** Chromatin condensation and apoptotic chromatin changes upon genotoxic effects. In Proceedings of the 4th National Scientific Conference on Biochemistry and Molecular Biology for Agriculture, Biology, Medicine and Food Industry. Science and Tehniques Publishing House, Hanoi, 2008, pp. 447-450.
